With more than 50 years of experience in the cargo industry, Amerijet operates its own dedicated freighter fleet of B767-300/200 aircraft from its primary hub at the Miami International Airport to 38 destinations throughout the Caribbean, Mexico, Central and South America. The company provides more main deck capacity to more destinations with more frequency than any other all-cargo operator in its service region. Amerijet's global network reaches 476 destinations in Europe, Asia, Pacific, South Africa and the Middle East with seamless and transparent transportation solutions for customers shipping time-sensitive, valuable, hazmat, temperature controlled and other commodity types.
